## SPEAKER

This month's speaker will be David Sams. He will talk about swarms. For those new to bee keeping early springtime is the time to get ready for bee swarms. A swarm is a group of bees that leave their hive with the old queen to start a new colony. This is called swarming. Swarming is the natural progression of a healthy hive.

## POTLUCK THEME

### Casserole Potluck

Casseroles create comfort any time of year, but on a cold evening this theme will leave everyone feeling warm, fuzzy, and full. When someone brings a lasagna, you can have fun debating whether it counts as a true casserole or a pasta dish.
